Notes on the tariff list premises

In addition to room rental, the tariffs also cover operating costs and include a one-time requested seating option with standard equipment for seminar rooms. Additional rooms (group work, foyer, atrium...) can be provided on request. Set-up and dismantling days prior to and after events are charged at an additional 60% of the rate list. The tariffs do not include personnel costs; these are charged according to actual expenditure (see tariff list for personnel). A one percent contract fee will be charged on the invoice amount, which must be paid by MCI to the tax office. The General Terms and Conditions apply.

Catering and seminar packages

We kindly request that you book/charge directly with the relevant catering company and inform MCI accordingly. Thank you very much!
