Dear Students, Faculty and Parents,

It is unfortunate that we cannot be physically present with you; however, we wanted to send our congratulations to the graduates and their families. This is a big milestone of life and should not be taken light.

The MCI partnerships is highly valued by TBS Business School. Their motto to “Mentor the Motivated” is a perfect complement to our aim in “Inspiring Life, Inspiring Education.” It is important to find what inspires you, what motivates you and never lose sight of this. The goal and purpose of our international student exchange partnership strives to push, motivate and inspire students to go beyond their comfort zone and experience something new on their pathway to employment.

Toulouse Business School

Both business schools uphold the international standards in education and maintain an international notoriety nationally as well as world-wide.

Over the upcoming years, TBS Business School would like to further our relationship with MCI, by developing a stronger cooperation and collaborating on projects that will continue to inspire and motivate graduates.

Congratulations again, we wish you the best with your future endeavors.

*On vous souhaite une bonne continuation !
Tous nos vœux de réussite !*
