

join the entrepreneurial school®

MCI strives to mentor motivated people. Meanwhile, some 3,400 students, 1,000 faculty and 250 partner universities from all over the world have come to appreciate MCI's quality-oriented study programs at undergraduate, graduate and executive levels, MCI's certificate courses and customized corporate trainings as well as its research activities and services. Within the expansion of our operations we currently have the following vacancy.

Research Assistant / Doctoral Student

Financial markets are an integral part of an efficiently functioning economy helping to equilibrate demand and supply in financial resources between companies, private households, and the public sector. The OeNB-funded project „Putting a spotlight on insider trading legislation“ will generate laboratory data to study how insider trading legislation influences financial markets and traders. For this project, we are searching a research assistant (PhD-candidate) willing to work in a motivated team on joint and individual research projects in the field of experimental finance.

Your duties

- To contribute to the above-mentioned project by planning, conducting, and analyzing experiments.
- To present own and/or co-authored research at conferences.
- To publish studies in internationally reputable academic journals.
- To pursue a PhD program working on a (cumulative) dissertation.

Your profile

- A Master's degree in Finance, Business Administration, Economics, or cognate fields.
- Profound knowledge in finance and/or economics.
- Experience in applying empirical research methods.
- Ability to work independently and in teams.
- Willingness to use appropriate software, including software for statistical analysis (Stata and/or R), for implementing experimental studies (zTree, oTree, etc.) and for academic writing (Latex).
- Fluent communication skills (writing and presenting) in English. Knowledge of German is an asset.

What we offer

We offer a challenging opportunity in an ambitious and international team in an attractive location. Depending on qualifications and experience, we offer a gross monthly salary of € 2.112,40, as well as interesting professional development opportunities. We offer a three-year-contract based on 30 hours per week. Find out more [here](#).

Your application

Are you interested in becoming part of our dedicated team? If you are interested in solving tasks independently, and if you are flexible and able to work under pressure, we look forward to receiving your application at: recruiting@mci.edu (attn. Mr. Patrick Huber, BSc., MSc.).
